Dreer's Quarterly Wholesale Price List

APRIL—JUNE, 1908.

We take pleasure in presenting to the Trade this, the second issue of our Wholesale Price List for 1908. New Crop Flower and Vegetable Seeds are now in stock and ready for distribution, and we are confident that we can serve you better than ever before. In the Plant Department our stocks of decorative, hardy and other plants are very extensive and in splendid condition, comparing favorably to stock distributed by us in the past. We trust you will favor us with a share of your patronage which we promise will be given the most careful attention.

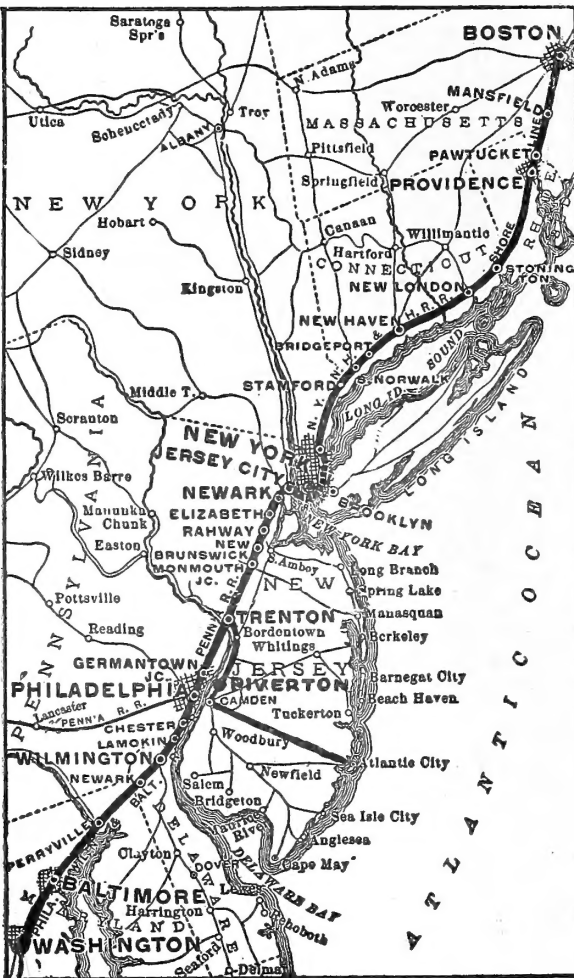

ORDER EARLY

We respectfully request that our wholesale customers send in their orders as early as possible. While we aim to give every order proper attention at all seasons of the year, yet during the spring rush there is liable to be delays, hence the advisability of anticipating your wants and ordering early.

LOW EXPRESS RATES ON PLANTS, BULBS AND SEEDS. We are shipping by express lines, to all parts of the country, goods, packed in closed boxes, at a reduction of 20 per cent. from regular rates of merchandise. Prepaid packages of seeds, plants and bulbs are carried to California and all distant points at the rate of 8 cents per pound.

By our careful and thorough system of packing, we **Guarantee Safe Delivery** of plants and perishable goods, when ordered to be sent by **Express**, and we always ship this way unless we have positive instructions to the contrary, and **when sent in any other way, are solely at purchaser's risk.**

PRICES.—This list cancels all previous offers. The prices quoted in this list are net, and subject to no discounts. Articles offered in our Retail Catalogue or Garden Book and not offered in this list will be supplied at retail prices **less** the following discounts, viz.: Vegetable and Flower Seeds, in packets, Bulbs and Plants, $33\frac{1}{3}\%$; Small Tools and Insecticides, 10%.

No order for **PLANTS** or **BULBS** amounting to less than \$1.00 will be filled and packed at wholesale prices. Orders received from the trade for Plants or Bulbs amounting to less than \$1.00 will be charged for at retail prices, less 10 per cent.

TERMS OF BUSINESS.—Unknown correspondents desiring to open an account will please furnish three references to parties in the trade with whom they have had credit relations, otherwise cash must accompany order.

Remittances should be made by Post-Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

All goods are offered subject to being unsold on receipt of order, and we reserve the right to advance prices without notice.

No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices in Philadelphia.

In filling out your order always give **Shipping Directions**, and write **Name and Address** Distinctly on each and every order.

NON-WARRANTY.—We wish it to be distinctly understood that although we continue to take all possible pains to supply only New, Genuine and Unadulterated Seeds, Plants and Bulbs, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the Seeds, Plants or Bulbs we send out, and will not be in any way responsible for the crop. Every order received for articles named in this Catalogue will be executed on these conditions only.

HENRY A. DREER,

WHOLESALE PRICE LIST OF

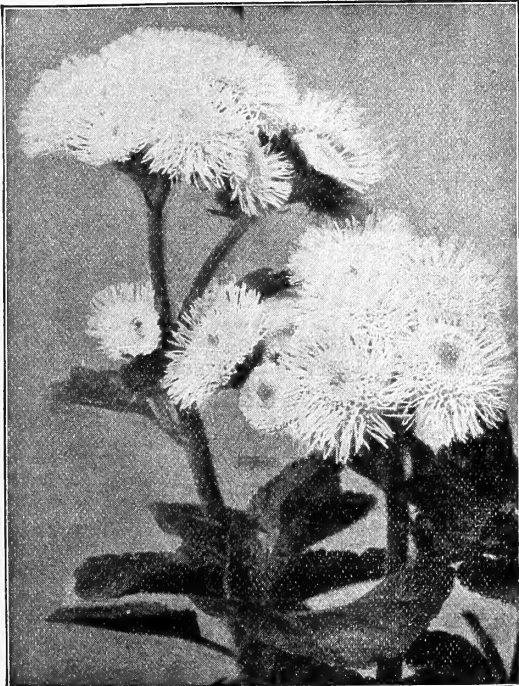

Dreer's Reliable Flower Seeds

We give close attention to the Flower Seed Department, our constant aim is to procure the **very best strains obtainable**, both of home and foreign growth, and no pains or expense are spared with this object in view. We call special attention to our particularly fine strains of Asters, Cinerarias, Cyclamens, Mignonettes, Pansies, Petunias, Primulas, Stocks, Verbenas, etc., etc. They are now grown by the most critical florists in the country and are acknowledged to be superior in all respects.

NOTE.—We do not furnish less than Trade Packets except where noted. Fractions of ounces charged for at a slight advance over the ounce price. Where small quantities are wanted retail packets can be supplied at a discount of one-third from retail catalogue prices. Prices in this list are net.

Dreer's Superb Asters.

We take special pains to secure only the choicest Asters, and nothing better in quality can be had at any price; beware of low-priced stock, it is liable to be low grade at the same time.

For early flowering, Queen of the Market is used almost exclusively, although the earliest of all is the new Early Wonder. Snowdrift and Lavender Gem are also very early and very desirable. Our superb Late Branching is in most demand for late, while for mid-season Ostrich Feather, Peony Perfection, Victoria and Washington, are all equally desirable.

NEW LATE BRANCHING ASTER, "CRIMSON KING"

New Aster "Pink Beauty."

A magnificent cut-flower variety, in bloom from early August until well on in September; 24 to 30 inches high; flowers average 4 inches across, on long, strong stems. Color a delicate blush pink, and pronounced by experts to be the finest pink midseason sort yet introduced

Tr. pkt. Oz.

50 \$5 00

Early Wonder Asters.

This is the earliest Aster in cultivation, being in full bloom when Queen of the Market is only in bud, frequently coming into bloom in late June. Flowers larger than Queen of the Market, borne on long, strong stems. Very valuable for cutting, see illustration on opposite page.

Tr. pkt. Oz.

Early Wonder White. Pure glistening white . . . 40 \$2 00
Early Wonder Pink. A good, clear pink 40 2 50

Five Fine Asters.

Daybreak. Of symmetrical growth; attains a height of 18 inches, and produces during August perfect globe-shaped flowers of a delicate pink tint. 40 cts. per trade pkt.; \$2.50 per oz.

Purity. Identical in every way to Daybreak, but of pure glistening white. 40 cts. per trade pkt.; \$2.50 per oz.

Lavender Gem. One of the most beautiful Asters. Of Comet type, with large, artistic, loosely-arranged flowers of the most charming shade of lavender imaginable. 50 cts. per trade pkt.; \$3.00 per oz.

Snowdrift. A most valuable variety, coming into flower in July, with superb plummy snow-white flowers of the Ostrich-feather type. 50 cts. per trade pkt.; \$3.00 per oz.

White Fleece. The largest and most perfect of the Comet type we have ever seen, bearing flowers 5 inches and over across, formed into a plummy globe of glistening white. Blooms in August. 50 cts. per trade pkt.; \$3.00 per oz.

AMERICAN GROWN ASTERS.

The varieties offered on this page are all American grown and stand at the head of Asters for the American climate.

The stocks have all been grown under our own supervision and we know that the quality in every case is much superior to what can be procured from most sources.

Dreer's Superb Late Branching.

The finest Aster for late August and September blooming. The plants form strong, branching bushes, 2 to 2½ feet high, bearing on long, strong stems their handsome Chrysanthemum-like flowers, which, under ordinary cultivation, average 5 inches across. The form of the flowers, together with the length of the stems, places them at the head of Asters for cutting. They come into bloom from two to three weeks after the average type, usually being at their best during September, and filling in the gap between the general run of Asters and Chrysanthemums. We offer eight beautiful and distinct colors, viz:

New Late Aster "Crimson King."

A superb new late-branching variety, with perfectly double flowers of rich, rosy crimson, full of fire. Fine for cutting, showing up well under artificial light

50 5 00

Late Aster "Violet King."

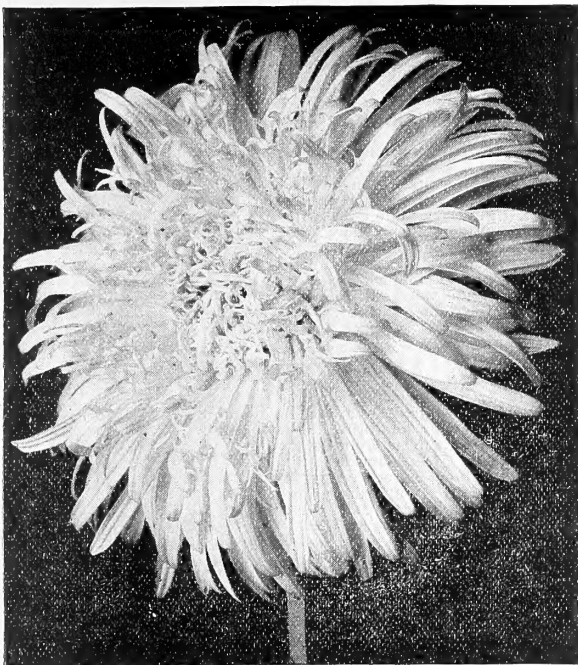

A new and distinct color in the Late Branching class, fine large double flowers of a pleasing shade of violet, a strong, free grower and very free flowering

Petunia.

Our Riverton grown strain of Double and Single Fringed Petunia have long been celebrated as the best on the market. We keep continually culling out and hybridizing and thus maintain the high standard. We frequently test stocks from the world's best growers and can say, without fear of contradiction, that our own strain is by far the best to be had at any price.

Note.—We would especially call the attention of every florist who grows Double Petunias from seed that all the smallest and weakest seedlings should be saved, as they usually produce the finest double flowers. The same is true of the singles, the strong seedlings being inclined to "weediness."

Dreer's Superb Double Fringed. Our own unrivaled strain. Every seed saved at Riverton. 75 cts. per 500 seeds; \$1.50 per 1000 seeds.

Double Fringed Imported. Seeds are saved by one of the foremost European growers; the best that can be had abroad; \$1.00 per 1000 seeds.

SWEET PEAS.

There are now in commerce, including the New Orchid-flowered type, over 250 varieties of Sweet Peas, with new sorts being added every year. Many of this vast number are either small flowering, of weakly growth or lacking in some characteristic which a first-class variety should have. Every year our list is carefully revised, with a view to keeping it strictly up-to-date; and while it seems hard to dispense with some of the once popular kinds, yet it must be done to keep up with the march of progress, and if you miss some old favorite in the list below, it has been discarded in favor of a new sort of the same color.

Every variety in our list is entitled to a place in the front rank of Sweet Peas. The new Orchid-flowered type, which was first introduced a year or two ago, is rapidly coming to the front, and we offer a full list of these new aspirants for honors among lovers of Sweet Peas.

The varieties best suited for florists' use are marked with an asterisk (*).

Mixtures of Sweet Peas.

PLANT DEPARTMENT

GARDEN, GREENHOUSE AND DECORATIVE PLANTS

All shipments of plants are made by express unless we have positive instructions to the contrary, and we guarantee safe arrival when shipped in this way. When sent by any other method they travel solely at purchaser's risk.

Abelia Chinensis Grandiflora.

A choice small shrub of graceful habit. Produces during the entire summer and fall, heather-like waxy white flowers tinted with lilac, in such quantities as to completely cover the plant. 2¼-inch pots, 85 cents per dozen; \$6.00 per 100; 3-inch pots, \$1.50 per dozen; \$10.00 per 100.

For immediate delivery we offer a fine lot of well established plants in 6-inch pots 12 to 14 inches, high, 3 to 4 tiers. 75 cts. each.

Ardisia Crenulata.

A grand lot of 6-inch pot plants, splendid stock for fruiting the coming season. 75 cents to \$1.00 each, according to size.

Asparagus Ducheni.

A recent introduction from the Belgian Congo, and entirely distinct from all other varieties. The plant is of strong, climbing habit, with large dark green glossy foliage. It should prove a valuable addition both for cutting and decorative purposes. 75 cents each.

Asparagus Colemanii.

A splendid new species which we are now offering for the first time, it is entirely distinct from all other sorts. The plants grow from 12 to 15 inches high, of erect habit, with recurving fronds of rich glossy deep green foliage, making a shapely specimen and a splendid pot plant for decorative purposes. 40 cents each; \$4.00 per dozen.

Import orders for Azaleas for early Fall delivery.

(NOTE. We have no Azaleas for present delivery).

Four reasons why you should place your import order for Azaleas with us:

First. We have made a specialty of importing Azaleas for many years, and our continuously increasing trade in this line is positive proof that we are satisfying our customers.

Second. Our imports are all made in bulk; all stock is unpacked at our Nursery and orders filled here; badly budded plants as well as such that have suffered in transit are discarded and you receive nothing but perfect stock. This, many times over, makes up for the slight difference between our price and that at which plants of similar size are offered to you by the foreign agents or by such American houses who have their orders made up in Belgium, and who simply distribute the imported cases as received.

Third. We number among our customers many who formerly made their own importations, and who, after comparative trials, now place their full orders with us. If you have been in the habit of buying direct, let us have part of your order this season. We are convinced that after a trial you will in future also place your full order with us.

Fourth. We handle only varieties which are popular in the American market—we have no undesirable sorts to work off. You can, if you so wish, specify the exact varieties and quantities of each that you desire.

Remember, the prices are f. o. b., any Express, Freight or Steamship Line in Philadelphia. You have no Duty, Packing, Ocean Freight or brokers' expenses.

Bougainvillea Glabra, William K. Harris.

In this new variety the foliage is beautifully variegated, or rather marbled, with creamy white on a dark green ground. These markings are very decided and the proportion of the two colors is almost equally divided.

Not only is the plant valuable for decorative purposes in or out of bloom, but also for out-door bedding, for use in window and porch boxes, for the bordering of ornamental foliage beds, such as Crotons, etc., or as an individual specimen on the lawn. It succeeds equally well in full sun or in partial shade.

3-inch pots, 40 cents each; \$4.00 per dozen; \$30.00 per 100.
4-inch pots, 60 cents each; \$6.00 per dozen; \$45.00 per 100.

Bougainvillea Glabra Sanderiana.

Strong 4-inch pots, \$3.50 per dozen.

PYRAMIDAL BAY

Tuberous-Rooted Begonias.

Through careful selection, every season sees an advance in the quality of these beautiful Begonias. Our stock is grown for us by one of the most eminent specialists in Belgium, whose strain is celebrated for its size, rich coloring, form and substance.

The price is as low as is consistent with good quality; the retail florist who is growing a few hundred bulbs for his spring trade, will find many of the *cheap strains offered dear at any price*. We offer but one quality, and that is the best.

Single Varieties in Colors. Scarlet, crimson, white, rose, yellow and orange. 40 cents per dozen; \$3.00 per 100; \$25.00 per 1000.

Single Varieties in Choice Mixture. 35 cents per dozen; \$2.50 per 100; \$22.00 per 1000.

Double Varieties in Colors. Scarlet, rose, white and yellow. 65 cents per dozen; \$5.00 per 100; \$40.00 per 1000.

Double Varieties in Choice Mixture. 50 cents per dozen; \$4.00 per 100; \$35.00 per 1000.

New Hybrid Tuberous Begonias.

These gorgeous Begonias are of dwarf habit, never exceeding 8 to 10 inches in height, and throw up numberless stems of full double flowers from early in July until cut down by frost. A continuous display of color which is simply dazzling in brightness and which is not equalled by any other flower.

Duke Zeppelin. Pure rich scarlet. Strong bulbs. \$1.25 per dozen; \$8.00 per 100.

Lafayette. Brilliant crimson scarlet. Strong bulbs. \$2.00 per dozen; \$15.00 per 100.

Col. Laussedat. A new variety of a pleasing shade of light yellow. 25 cts. each; \$2.50 per dozen.

Frilled Tuberous-Rooted Begonias.

A most unique form, with very large single flowers which are entirely distinct, the petals being wavy and beautifully frilled on the edges similar to the newer forms of Petunias. Strong bulbs in carmine, scarlet, orange, salmon, white, pink and blush. 20 cts. each; \$2.00 per dozen.

Begonia Hybrida Parreii.**The New Double-Fringed Tuberous Begonias.**

The new double-fringed Begonia originated with our grower of these indispensable summer flowering bulbs. The individual flowers are identical in every way with the best types of double Begonias, of large size, full double form and brilliant color, but the edges of the petals are deeply cut or serrated, adding a most desirable character of lightness to the flower. We offer three distinct colors—white, rose and scarlet. 25 cents each; \$2.50 per dozen.

Begonia Corallina Lucerna.

A superb new shrubby Begonia of the same type as *B. Rubra*, growing into shapely specimens two feet or more in height and producing gigantic trusses of from 60 to 70 very large flowers of a bronzy-red color and flowering continuously from April to November. In the autumn the seed vessels assume a yellowish tint, which contrasts pleasantly with the red of the flowers. The foliage is very ornamental, being dotted with silvery white spots and prettily serrated edges. \$1.25 per dozen; \$8.00 per 100.

Lorraine Begonias.**Gloire de Lorraine. Pink Lorraine and Turnford Hall.**

We are now booking orders for these three varieties for June delivery, all in stock which has been propagated from leaf cuttings, which is far superior to plants grown from cuttings in the ordinary way. 2 1/4-inch pot plants, \$2.00 per dozen; \$15.00 per 100; \$140.00 per 1000.

New or Rare Fancy Caladiums.

A selection of twelve extra choice varieties, showing a delicacy of coloring and tracery not found in any others.

Diamantina. Ground color transparent, delicate rose, with broad green margin and claret-red ribs, maculated white.

Dona Carmen de Macedo. Ground color rich, rosy-carmine, deep green ribs and veins; brilliant and distinct.

Dr. Neubronner. Medium-sized foliage of bright green, densely covered with bright blood-red spots of varied size.

Fascination. Transparent salmon centre, with pink zone and deep green margin; unique.

Geo. Huster. Centre red, with broad creamy-white edge and conspicuous large moss-green spots.

Halevy. Rich deep green with red spots and yellow pointed veins.

Hildegard Nehrling. Leaves large, ground color creamy-white, ribs Indian-lake color, entire leaf marbled green; centre suffused with delicate mauve-rose.

Lord Derby. Delicate mauve, intensifying as the leaf matures; densely veined, reticulated and edged with rich, deep green.

Mme. Grout. Ground color bronzy-red, with white markings and brilliant deep crimson ribs and veins; beautiful.

Putomayo. Ground color on the young leaves white, heavily veined and ribbed with deep green; as the leaves mature the white changes to a carmine-red. With the foliage in different stages of development the plant presents a most beautiful variegated appearance.

Silver Cloud. Distinct and peculiar in its variegation, which consists of a marbling of silvery-white and deep green, with old-rose markings.

Tabatinga. Ground color ivory-white, suffused with tender rose and delicate green tracing.

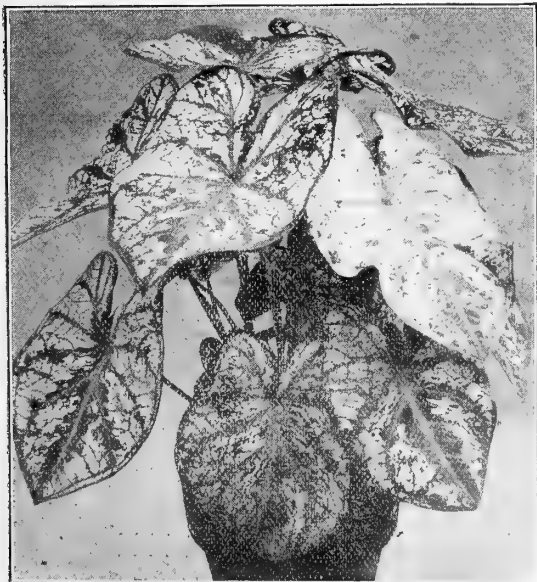

Price: 25 cts. each; \$2.50 per doz.; \$20.00 per 100. The set of 12 varieties for \$2.50.

NEW FANCY CALADIUMS

THE YELLOW CANNA, R. WALLACE

New Yellow Calla. Mrs. Roosevelt.

Admirably adapted for out-door cultivation. Planted in the open border in the spring, and in the fall may be stored in a dormant condition ready to again plant out in the spring. It is remarkably strong-growing and even when out of bloom, its rich, dark green foliage, which is distinctly and freely spotted and blotched with white, makes it at all times a conspicuous and most attractive subject in the garden.

Price, large, strong bulbs, which will flower freely this season. \$2.00 per dozen; \$15.00 per 100.

Four Grand New Cannas.

Frau Marie Nagel. The most floriferous of the large white-flowered varieties; an excellent bedder, contrasting well when planted in connection with some of the high colored sorts. The flowers are large, with broad, well-rounded petals, and are produced in the greatest profusion on 3½ feet high branching stems. They are of a creamy white when first opening, changing to almost a pure white. \$1.25 per doz.; \$8.00 per 100.

New York. A bronze-leaved, orchid-flowered variety, with very intense brilliant carmine flowers of great beauty, but it is particularly valuable on account of its extraordinary durability to withstand sun, wind and rain better than any other of this type. It is strong, growing from 6 to 7 feet high. 40 cts. each; \$4.00 per doz.

Ottawa. A strong, robust-growing variety, attaining a height of 6 feet or more, with massive deep green foliage and much-branched flower stems, which form a veritable bank of bloom; the flowers are 5 to 6 inches in diameter, of perfect form; the color is carmine, with tints of old rose and deep coral, with a peculiar silken sheen. 35 cts. each; \$4.00 per doz.

William Saunders. A gorgeous bronze-leaved variety, probably coming nearer to the ideal Canna than any yet introduced. The flowers are of a bright crimson scarlet, often measuring five inches across, of remarkable substance and durability, and are produced in large trusses, nearly a foot across. The plant is of a uniform habit of growth about four feet high. 35 cents each; \$4.00 per doz.

Dreer's Anniversary Collection of French Cannas.

(See color plate in our Garden Book for 1908.)

The Cannas offered in this collection are not all new, but representative sorts of their respective colors, which have been thoroughly tested, and which may be relied upon to make a satisfactory showing.

Grand Chancellor Bulow. Rich deep crimson-scarlet overlaid with maroon, very large spikes of good-sized flowers of good substance thrown well above the fine green foliage; 3 feet. \$1.50 per doz.; \$10.00 per 100.

Jean Tissot. One of the brightest of the large-flowered Cannas; color an intense, brilliant vermillion, with bright orange shadings, a color that can be seen as far as the eye will carry; massive green foliage; about 5 feet high. 75 cts. per doz.; \$5.00 per 100.

Richard Wallace. As a good free-flowering yellow Canna of vigorous growth, we believe that this variety comes nearer to the ideal than any variety yet offered. In color it is a pleasing canary-yellow, with exceptionally large flowers, which are carried well above the green foliage in upright well-branched trusses; 4½ feet. \$1.25 per doz.; \$8.00 per 100.

Souvenir d'Antoine Crozy. Intense crimson scarlet, with a broad golden-yellow border, an exceptionally free-flowering variety, and the brightest of the gilt-edged sorts; green foliage; 3½ feet. 60 cts. per doz.; \$4.00 per 100.

Venus. One of the softest and most delicately colored varieties that has yet been introduced. The flowers are of fair size, of a soft rosy pink, with a pretty mottled border of creamy yellow. The plant always presents a clean, fresh appearance, and attracted much attention, both in our trial grounds and fields, during the past season; it grows about 3½ feet high, and has bright green foliage. \$1.50 per doz.; \$10.00 per 100.

Wm. Griesinger. A strong growing variety, producing very large, open trusses of pure yellow flowers, densely dotted with carmine, heavy green foliage; grows about 4½ feet high. \$1.25 per doz.; \$8.00 per 100.

Dark-Leaved Canna, Black Beauty.

In dark-leaved Cannas no variety is so effective as "Black Beauty"; the massive foliage is of such an intense rich color as to at once place it at the head of the list of ornamental bedding plants, where foliage or sub-tropical effect is wanted. The plant grows 5 to 6 feet high, with foliage of the richest glistening bronzy-purple, shaded black, and having crimped, wavy margins. \$1.50 per doz.; \$10.00 per 100.

Italian Orchid-Flowered Cannas.

Allemania. Pleasing dark salmon with golden markings. 60 cts. per doz.; \$4.00 per 100.

Austria. Pure canary-yellow; few reddish dots in the centre. 60 cts. per doz.; \$4.00 per 100.

King Humbert. In this grand Canna we have a combination of the highest type of flower with the finest bronze foliage. Its flowers, which, under ordinary cultivation, will measure six inches in diameter, and which are produced in trusses of gigantic size, are of a brilliant orange-scarlet with bright red markings; while the foliage is broad and massive and of a rich coppery-bronze; bold and effective; 5 feet. \$1.25 per doz.; \$8.00 per 100.

Italia. Bright orange-scarlet, with broad golden-yellow border. 60 cts. per doz.; \$4.00 per 100.

Louisiana. A strong variety, attaining a height of 7 feet, vivid scarlet flowers. \$1.00 per doz.; \$7.00 per 100.

Pennsylvania. Flowers measure fully 6½ inches in diameter, are of an intense vermillion-scarlet, overlaid with an orange sheen; foliage rich green. 75 cts. per doz.; \$5.00 per 100.

Choice Standard Cannas.

CHRYSANTHEMUM TIMOTHY EATON

Dreer's Select Dahlias

Dahlias true to name. Practically all of the Dahlias which we offer this season have been grown at our Locust Farm Nurseries under our personal supervision, every precaution was taken to prevent errors and our customers may depend upon receiving stock absolutely **true to name**.

Dahlia Roots or Plants. Unless otherwise noted in the descriptions of the various varieties, we supply all Dahlias in strong dormant roots, and we believe our supply this season is ample to meet all demands. However, in case the demand for certain varieties exhausts our supply of roots, we will send out strong growing plants which will give equally good results.

Dahlias for Cutting. We give a list of the best varieties for this purpose on page 28.

Superb New Cactus Dahlias for 1908.

Antelope. A perfect formed flower, beautifully incurved, yellow suffused with brozy rose, a beautiful soft blending of shades, remarkably free-flowering. Strong plants ready April 15th.

Aurora. A grand Dahlia, not only in its soft, delicate coloring, but also in shape, the petals being long and tubular, forming a full, double flower while in color it is one of the most exquisite, a reddish apricot suffused with flesh-pink, shading lighter towards the tip of the petals.

Aschenbrodel. A beautiful flower, with wide, curiously twisted petals, the coloring like a summer sunset, being a combination of rose and gold, the base of the petals of gold passing into rich rose-pink, and again to pale lemon at the tips. Exquisite in every way, of good size, free and continuous. Strong plants, ready April 15th, 50 cents each.

Ballet Girl. A beautiful fancy variety of exceptional regularity in form, in color a soft red, tipped white; distinct.

Berlichingen. Deep crimson carmine shading to bright carmine at the tips, flowers of medium size, nicely quilled petals, plant of fine habit, very free, making a very showy effect.

Country Girl. Base of petals golden yellow suffused with salmon rose, which is deepest at the points, a bright and striking combination of colors which is difficult to describe; the flowers are of very large size with broad, pointed petals; a free and early bloomer.

Effective. Chamois-rose with yellow shadings, deeper in the centre, a large, perfectly formed, intensely double, globular flower with finely pointed petals, very distinct, flowers freely on long, strong stems; a charming variety for cutting. Strong plants ready April 15th.

Frau Hermine Marx. This promises to be one of the best cut flower varieties. The flowers are of medium size, and when fully developed almost identical in color with the La France Rose; that is, a silvery rose, a most pleasing color. 25 cts. each; \$2.50 per doz.

Etoile de Neuville. An elegant dwarf bedding variety, rarely exceeding 30 inches in height, and producing its intensely brilliant currant-red flowers, which are of medium size and fine form, in greatest profusion.

Fairy. Not a very large but a beautiful flower of light, airy form, of purest white. 50 cts. each.

Lawine. Pure white with just a suggestion of blush as the flower ages. It is of large size, a fine full flower, early and free, with strong stems, holding the flowers erect, a feature not found in many white Cactus varieties. Strong plants, ready April 15th, 50 cts. each.

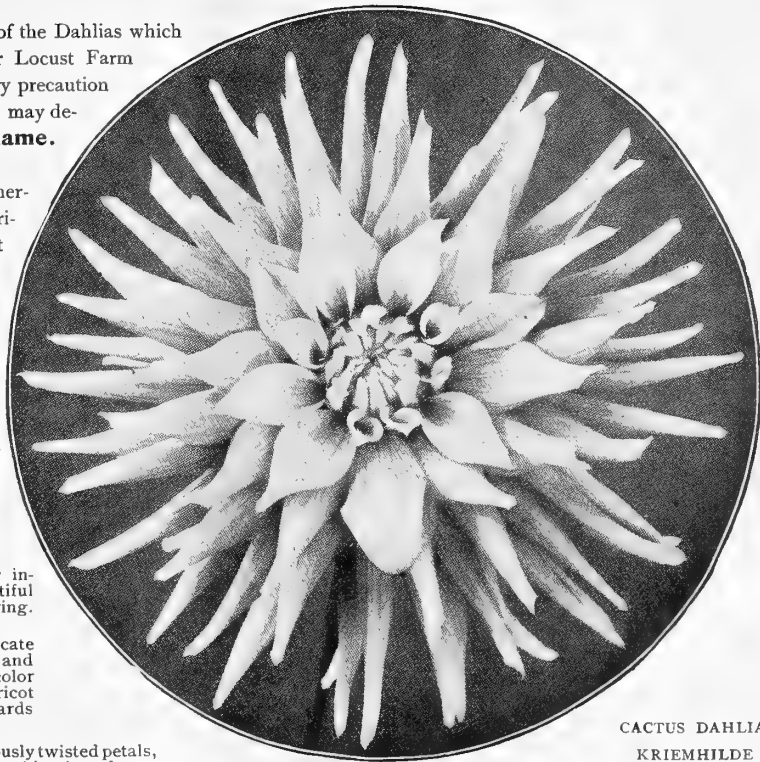

Miss Dorothy Oliver. Primrose-yellow at base, fading gradually to white at the tips of the long, narrow petals; a lovely flower. Strong plants ready April 15th.

Mrs. Spencer Castle. A water-lily-like flower, with short petals, forming very pretty double flower of a rosy amber color at the base, passing to a lilac rose at the tips; early and very free-flowering.

Pius X. A beautiful large white, with slight sulphur tint, very double with nicely quilled petals; a fine cut flower. Strong plants ready April 15th.

Papagei. A pretty fancy or variegated variety, the ground color being yellow with bright rosy-red variegations extending almost to the lemon-colored tips.

Prince of Yellows. A rich canary-yellow, of very large size, with broad petals, which are fringed at the tips; a strong grower, producing an abundance of blooms of fine quality.

CACTUS DAHLIA
KRIEMHILDE

New Cactus Dahlias for 1908—Continued.

Richard Dean. A most striking novelty, the color being a rich vermilion-scarlet, each floret distinctly tipped white, flowers held well above the foliage on stiff, wiry stems; very free.

Rosy Morn. A large flower, of excellent form; in color a peach-blossom, lighter in tint at the base of the petals.

Roland von Berlin. A magnificent brilliant Dahlia of large size, almost globular in form, made up of long, narrow petals. In color it is of an intense geranium-red, with deeper shadings, and full of fire. The flowers are produced most profusely on stiff stems held well above the foliage. Strong plants, ready April 15th, 50 cts. each.

Rother. A magnificent bloom of very large size, with long, twisted petals, of a particularly rich, bright garnet color; one of the finest dark-colored sorts yet introduced. long, stiff stems holding the flowers erect. Strong plants, ready April 15th, 50 cts. each.

Signal. A brilliant crimson-scarlet, of dwarf habit, never exceeding 30 inches in height, flowers large, of fine form, and produced very freely. Strong plants, ready April 15th, 50 cts. each.

Stern. A beautiful, flat-petalled, star-shaped flower of pure lemon yellow; a good grower, and exceptionally free-flowering, showy either in the garden or as a cut flower. 25 cts. each, \$2.50 per doz.

Price except where noted 35 cts. each; one each of the 22 superb new varieties for \$6.00.

New Fancy Striped Cactus Dahlias.

A distinct type, in which the flowers are beautifully striped and variegated,

Alpha. Creamy white with pencilings, spots and stripes of reddish purple.

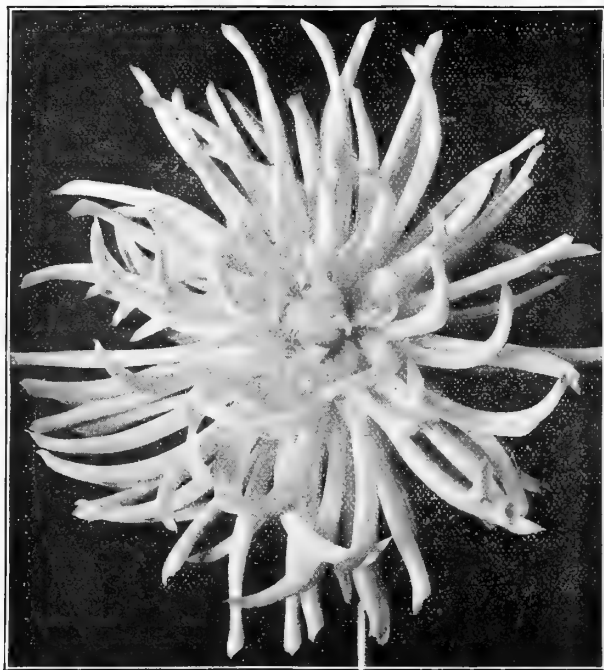

Comet. Delicate lilac, penciled, spotted and striped with tyrian rose.

Vesuvius. Ground color buttercup yellow, striped and spotted with oriental red.

Price 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

New Pompon Cactus Dahlia "Camellia."

A perfect little gem, growing not over 30 inches high, and, as its name implies, bears camellia-formed flowers, about 3 inches across, of a brilliant russet orange-scarlet. They begin flowering profusely early and continue the entire season; valuable for bedding. 15 cts. each; \$1.50 per doz.; \$12.00 per 100.

TYPE OF CACTUS DAHLIA

Superb New Cactus Dahlias of 1907.

Albion. A large, long, straight-petalled pure white flower, with creamy centre, of approved form.

Amos Perry. Flowers very large, with long, tubular petals. Color fiery red; one of the earliest and freest flowering.

Attila. Tender mauve pink on the edges passing to a creamy white centre; a beautiful Dahlia of large size and excellent form.

Coronation. Glowing red; a medium-sized flower of fine form; splendid for cutting.

Else. A charming variety, with a combination of delicate colors. The base of the petals is of buttercup-yellow, gradually passing to amber, finished with a tip of tyrian rose.

Etna. A novel combination of color, lilac with a tint of violet, which is brightened by the base of the petals being yellow, flowers incurved, of good form, free and early.

Flora. An ideal white Cactus Dahlia. A large, heavy flower, produced on stout, stiff stems, makes it valuable for cutting.

Harbor Light. Brilliant cochineal-red, with a stripe of reddish-apricot through the centre of each petal. The coloring is variable, sometimes the light, at others the dark color, predominating, but beautiful in either form.

H. W. Sillem. A brilliant rich, cardinal-red, with deeper shading, flowers of perfect form, and frequently measuring 7 inches in diameter.

Imperator. Large-sized flower of deep currant-red, with deeper shadings.

Lauretta. Base of petals deep amber-yellow, passing to apricot and old-rose on the edges; an attractive combination.

Lenau. Ground color coral-red, suffused with apricot, shading to salmon-rose on the edges as the flower matures.

Loogala. A broad petalled, very full, double flower, orange, scarlet with carmine shadings.

Minnie West. Canary-yellow in centre, gradually shading to white at tips; a good, large flower.

Mrs. Clinton. A flower which is admired by everyone. The ground color is deep amber, gradually shading to a rosy scarlet, with a glow and finish impossible to describe.

Pink Pearl. Mallow pink at the base of the petals, shading off gradually to white at tips, the effect being a soft, rosy pink; medium size, very full, forming an almost globular flower; fine for cutting.

Radiance. Orange-scarlet, passing gradually to yellow at the base of the long, narrow petals; a perfect flower.

Reliable. A very large, bold, striking flower, of a pleasing madder-carmine, suffused with salmon and yellow.

Shooting Star. (*Stern-schnuppe*.) Good-sized flowers, of regular form, produced on stout stems held well above the foliage. Color pure golden yellow; entirely distinct.

Thuringia. Flowers very large, and always of good form; of a brilliant fiery-red color. A remarkable free bloomer.

Walthari. Among the light-colored varieties this is a perfect gem. The flowers, which are of good size, of an exquisitely graceful form, are of a light sulphur-yellow in the centre, shading to nearly a pure white at the edges.

Wunderkind. A bedding Dahlia of decided merit, exceptionally free, early and continuous. The flowers are of medium size, of a luminous canary-yellow, shading to white, suffused with flesh at the edges.

Price: 25 cts. each; \$2.50 per doz.; \$15.00 per 100. One each of the 22 varieties for \$3.50.

Cactus Dahlias of Special Merit.

Alexander Immer. Rich, velvety maroon, by several shades the closest approach to black.

Bessie Mitchell. A fine flower on stiff stems, apricot orange shading to a reddish centre.

Carmen Sylva. Soft, rosy-carmine, shading lighter to the centre.

Charm. Centre petals white-eged with pale yellow, the outer petals gradually changing to a light blush edged with salmon.

Clara G. Stredwick. A splendidly formed flower of very large size, color shrimp pink, shading to salmon-red in centre.

Countess of Lonsdale. A peculiar but pleasing blending of salmon-pink and amber, a color difficult to describe. This is the Dahlia for the million. Flowers freely under all conditions.

Dainty. Ground color lemon-yellow, shading to a soft, glowing golden rose with tip of yellow; truly dainty.

F. A. Wellesly. Brilliant blood-red suffused with carmine.

Floradora. A remarkably free-flowering, bright blood red.

Florence M. Stredwick. Pure white, of large size and perfect form.

Frute. Peaches and cream describes the color of this beauty; a pleasing soft rose-pink passing to a cream centre.

Gabriel. Creamy white, edged with vermilion; an improvement on the "Spider Dahlia" Arachne.

Gen. French. A good-sized flower of good form, of a pleasing terracotta.

Holsatia. Brilliant orange-scarlet base, intensifying to bright scarlet at the tips, of good shape.

J. H. Jackson. Brilliant crimson-maroon; very free.

Kingfisher. Carmine-purple, long, narrow petals and finely formed.

Magnificent. A pretty Dahlia, ground color capucine-lake, passing to salmon-rose at the tips.

Mrs. H. L. Brousson. Large, perfect flowers of a delicate tint of salmon on a yellow ground.

Mars. A brilliant scarlet, intensified with orange at the base of the petals.

Mabel Tulloch. Soft violet rose with yellow shadings at the base of the petals.

Rakete. Rich glowing, fiery-red, of good form.

Standard Bearer. Rich, fiery-scarlet, very free, and of perfect form.

Victor von Scheffel. An ideal cut flower, of a soft pink, passing to white in the centre; very pleasing.

Volker. A charming free-flowering pure yellow.

W. F. Balding. Centre primrose yellow, the outer petals pleasing salmon-red; a prettily formed flower.

Price: 15 cts. each; \$1.25 per doz.; \$10.00 per 100. One each of the 25 varieties for \$3.00.

Select Standard Cactus Dahlias.

Aegir. Rich, warm cardinal-red, with peculiarly twisted petals.

Exquisite. Fine pure orange scarlet with salmon shadings.

Firebrand. Rich, glowing vermilion, shading deeper.

Flamingo. Brilliant vermilion, long, pointed petals.

Galliard. Rich, glowing scarlet, with long, tubular petals.

Gellert. Full, double, of fine form, scarlet, shading to ruby at base of petals.

Gen. Buller. Cardinal red, each petal tipped with white.

Gottelinde. Primrose-yellow, of fine form.

Hohenzollern. Rich bronzy orange-red, with golden sheen.

Horn of Plenty. Deep carmine-purple; flowers large, long, narrow, twisted petals cleft on ends.

Kriemhilde. The most popular cut flower variety grown to-day; perfect flowers on long stems; color a brilliant pink, gradually shading to white at the centre.

Landrath Dr. Schiff. A most pleasing shade of apricot suffused with rose.

Mary Service. Apricot, shaded orange, shading to purplish-rose at the tips; a well-formed flower, and a free and continuous bloomer.

Mrs. H. J. Jones. Very large, perfect, rich, bright scarlet with cream-colored edge; occasionally comes self-colored.

Progenitor. Bright carmine, each petal being furcated on the end like a stag-horn fern.

Ringdove. Salmon carmine centre with yellow shadings, passing to white on the edges; very variable, but always pretty.

Ruby. Deep vermilion centre, shading to ruby-red at the edge of the petals; a rich pleasing color.

Ruckert. A superb flower of perfect form, a brilliant blood-red with darker shadings.

Strahlen Krone. Intense cardinal-red; rich and glowing.

Uncle Tom. Maroon with darker shadings, almost black.

Winsome. A fine white of good size and perfect form.

Zephyr. Crimson carmine, intensified by bronzy shadings at the base of the petals; a fine large flower.

Price: 10 cts. each; \$1.00 per doz.; \$8.00 per 100. Set of 25 sorts for \$2.00.

Six Giant-flowering Dahlias.

The six sorts here offered are, without exception, the largest and most perfect double-flowering Dahlias now grown, flowers of all of them attaining a size of between five and six inches across under ordinary cultivation.

New Pæony-flowered Dahlias.

This new type of Dahlias originated in Holland, and promises to become very popular. The artistic flowers are very large, from 6 to 8 inches across, and are best compared to the semi-double Pæonies in general form. They all flower very freely, and are borne on long, strong stems, making excellent material for cutting, as well as for garden decoration.

Germania. Brilliant strawberry red, a very fluffy, artistic flower, standing well above the foliage, producing a very gay effect. 25 cts. each; \$2.50 per doz.

Glory of Baarn. Very large, loosely-arranged flower of soft hortensia-rose color. 35 cts. each; \$3.50 per doz.

Queen Emma. A magnificent sort that appears almost artificial; it is of a charming shade of mallow or Hollyhock pink, the inner petals banded with gold. 25 cts. each; \$2.50 per doz.

Queen Wilhelmina. Immense, fluffy flower of pure white with yellow centre. 35 cts. each; \$3.50 per doz.

The set of 4 varieties for \$1.00.

New Century Single Dahlias.

These magnificent single varieties all originated from the celebrated Twentieth Century offered in this set. They are all of free branching habit, flowering early, profusely and continuously throughout the season, flowers from 4½ to 6 inches across on stems 3 feet long, and when cut keep in good condition for many days.

Crimson Century. Rich, deep, velvety crimson, shaded maroon, with rose halo around a yellow disc. 15 cts. each; \$1.25 per doz.; \$10.00 per 100.

Maroon Century. Rich, velvety maroon with yellow disc. 25 cts. each; \$2.50 per doz.; \$20.00 per 100.

Pink Century. Delicate soft pink, flower very large. 20 cts. each \$2.00 per doz.; \$15.00 per 100.

Scarlet Century. Brilliant scarlet with golden disc. 25 cts. each; \$2.50 per doz.; \$20.00 per 100.

Lavender Century. Delicate lilac with light shadings, very pretty. 15 cts. each; \$1.25 per doz.; \$10.00 per 100.

Twentieth Century. Early in the season, intense rosy crimson, shading gradually to almost white on the edges and a light halo around the disc. As the season advances the flowers become lighter, changing to almost pure white, suffused with soft pink; not variegated but blended in the most beautiful manner. 15 cts. each; \$1.25 per doz.; \$10.00 per 100.

One each of the set of 6 New Century Dahlias for \$1.50.

New Fancy Single Dahlias.

Frau Irene Heinemann. Centre of petals white with a broad border of purplish-crimson, sometimes tipped with crimson; pretty in either form.

Fran Van der Zypen. Centre of petals pure white, with a broad band of orange-scarlet on each edge of the broad petal; flower large and pretty.

Furst Manoukbeey. Orange-buff with a narrow edge of bright scarlet; distinct and pleasing.

Plants of the above varieties, ready April 15th; 20 cts. each; \$2.00 per dozen. Set of 3 for 50 cts.

Standard Single Dahlias.

Alba Superba. Fine large white, with a dash of canary yellow at base of petals. 15 cents each; \$1.25 per doz.; \$10.00 per 100.

Advancement. Fine deep ruby-red with rose halo and yellow centre.

Ami Barillet. Rich pure garnet, with fine dark foliage.

Blackbird. Black velvety maroon, with a bright red spot at the base of each petal.

Fashion. Crimson-maroon with darker shadings.

Gaillardia. Golden-yellow with a broad red band around a golden disc. 15 cts. each; \$1.25 per dozen; \$10.00 per 100.

Gracie. White, delicately suffused with blush and a primrose halo around the disc.

Mrs. Bowman. Solferino, a large showy flower.

Polly Eccles. Pure apricot with yellow shadings, a halo of poppy red surrounding the Indian yellow disc.

St. George. A pretty primrose yellow of large size. 15 cts. each; \$1.25 per doz.; \$10.00 per 100.

Striking. Deep garnet, each petal with a white spot on the tip.

Wildfire. Brilliant poppy-scarlet, of large size.

Price: Except where noted 10 cts. each; \$1.00 per doz; \$8.00 per 100. One each of the 12 varieties for \$1.25.

Collerette Dahlias.

An entirely distinct type, which must be seen to be appreciated. The peculiarity consists in the flower having a row of short petals around the disc, which form a frill or collar, and which are of an entirely different color from the rest of the flower.

Exposition de Lyon. Bright garnet, the collar petals, which are unusually well developed, are clear yellow, forming a lively, gay colored flower.

Maurice Rivoire. An attractive flower with broad petals of oxblood-red, with deeper stripe down the centre, and a pure white-fringed collar.

Orphee. Bright red, suffused with violet, large collar of light yellow. Strong plants of the above 3 sorts ready April 15th, 35 cts. each; \$3.00 per dozen.

Pres. Viger. Rich claret, shading lighter toward the edges, while the frill or collar is pure white. 15 cts. each; \$1.25 per doz.; \$10.00 per 100.

One each of the above 4 sorts for \$1.00.

Ficus Pandurata. (The Majestic Rubber Plant.)

A truly majestic plant. Its gigantic leaves, which frequently measure 10 inches in width by 15 inches in length, are irregular in outline, are of a rich, deep green with creamy-white veins and of remarkable substance, enabling the plant to flourish under the most unfavorable conditions. One of the finest foliage plants of recent years.

Ficus Lutescens. (Mistletoe Fig.)

Especially interesting on account of its free and prolific fruiting qualities, it bearing at each leaf axil a small fig, which, at first green, changes to a pale yellow; the dark green foliage is small, the whole plant reminding one of a branch of mistletoe.

2¼-inch pots, 15 cts. each; \$1.50 per doz.; \$10.00 per 100.

NEPHROLEPIS AMERPÖHLI

THE BOSTON FERN AND ITS VARIETIES.

Nephrolepis Bostoniensis. (The Boston Fern.)

2½-inch pots 60 cts. per doz.; \$4.00 per 100; \$35.00 per 1000

Nephrolepis Scottii. (The Scott Fern.)

The Scott Fern still holds its place as one of the most important of the *Nephrolepis*, the public appreciates well grown plants of it, and the ease and quickness with which saleable plants can be produced and this at a saving of time as well as of room compared with all other varieties, has also made it a favorite with the grower.

2½-inch pots 60 cts. per doz.; \$4.00 per 100; \$35.00 per 1000

Nephrolepis Whitmani.

The Improved Ostrich Plume Fern.

Unquestionably the most valuable of this type superseding *Piersoni*, *Barrowsi* and *Elegantissima* all of which we have now discarded in favor of this variety. Not only is the pinnae on the individual fronds more finely divided but the fronds are denser, broader and more graceful and the habit of the plant is more perfect.

2½-inch pots 75 cts per doz.; \$5.00 per 100; \$40.00 per 1000

Nephrolepis Amerpohli.

This is the latest addition to the Ostrich Plume type and is certain to prove a welcome and popular variety, holding for delicacy and gracefulness the same position among the *Nephrolepis* that *Adiantum Gracillimum* does among the Maiden Hair Ferns. The pinnae is so finely divided that it reminds one of a piece of fine lace, the fronds are broad and of a depth which gives them a cushion-like appearance. It forms a beautiful specimen and is admired by everyone who sees it.

Nephrolepis Todeaoides.

Todea or Filmy Fern-like *Nephrolepis*.

This is an English introduction that has received a first class certificate both from the Royal Horticultural Society and from the Royal Botanic Society of London. While in a general way it reminds one of an exceptionally well grown plant of *N. Elegantissima* it is entirely distinct from this and all others, in its strong yet compact growth and its bold heavy foliage which is distinctly tripinnate or three times divided. Admired by everyone and we have great faith in its future.

2½-inch pots \$3.50 per doz.; \$25.00 per 100.

Nephrolepis Superbissima.

The Latest and Most Distinct of the New Boston Ferns.

This new fern is a unique and distinct novelty as different from any of the other crested forms, as they are distinct from the ordinary Boston Fern, it is really in a class by itself. The fronds are very heavily imbricated, the pinnae overlapping, making the fronds very dense and compact. In color also it is different, being of a richer, darker green. The plant is very sturdy in its habit, the fronds never breaking down. It makes a much more dwarf and compact growth, the fronds being very dense, firm and rigid, it will stand more knocking around than any other fern of this type.

To be distributed in July or August, orders booked now and filled in rotation.

BACTRIS MAJOR

PALMS

Our Leading Specialty

Arenga Engeleri.

Similar to the above, but with heavier foliage. Beautiful specimens in 8-inch pots, 3 feet high. \$3.00 each.

Bactris Major.

Not a new, but a comparatively rare Palm, which, where the temperature of a warm conservatory can be given, is an interesting subject, on account of the many long spines with which not only the stems, but also both surfaces of the leaves are densely covered.

A nice lot of thrifty 4-inch pots, 18 inches high. \$1.00 each.

Calamus Palembangicus.

A desirable tropical Palm, delighting in a high, moist atmosphere. Six-inch pots, 24 inches high. \$2.00 each.

Cocos Weddelliana.

We have greatly increased the area of glass devoted to this most graceful of all Palms, devoting five houses covering half an acre of ground to its cultivation, and while heretofore very few plants of it were grown into sizes above 2 1/4 and 3-inch pots, used principally in fern dishes, we have this season grown many thousands into 5 and 7-inch pots, these are a beautiful lot of plants which are certain to prove valuable not only in fine decorative work but which will also appeal to the retail buyer as a room and table plant.

Dreer's Superb Double-Fringed Petunias.

For half a century we have been making a specialty of Double Petunias, and our strain is accepted as second to none. We annually plant many thousand seedlings, from which only the finest double-fringed forms are selected for propagating purposes, and by this careful selection the strain shows a decided improvement every year.

We offer 15 distinct named varieties.

3-inch pots, 75 cents per dozen; \$6.00 per 100; the set of 15 for \$1.00.

If desired, plants of double white varieties for cut-flower purposes can be supplied separate.

Seed of our Superb Double-Fringed Petunias (our own saving), 75 cents per 500 seed; \$1.50 per 1000 seed.

Superb Single-Fringed (our own saving), 50 cents per trade packet.

NEW ROSES.

EVERBLOOMING ROSE BETTY

New Everblooming Irish Hybrid Tea Rose, "Betty."

An introduction of Messrs. Dickson & Sons, Belfast, Ireland, to whom we are indebted for so many of our good bedding Roses, chief among which is the now so popular Killarney, and we have every reason to believe that "Betty" will become just as great a favorite. The plant is a strong, vigorous grower; with clean, healthy foliage, producing in great profusion its large, deliciously perfumed flowers, which are of a glowing coppery-rose color suffused with a golden sheen. Strong two-year-old plants, 80 cents each; \$9.00 per dozen.

Grand New American Hybrid Tea Rose, Rhea Reid.

In this new American variety we have a decided acquisition—a Rose of the type of the American Beauty, but of the easiest culture. It never mildews or blackspots, and opens its large flowers perfectly under all weather conditions. In color it varies with the temperature, in summer a bright cherry rose, while in winter it is a rich crimson scarlet. Extra heavy stock, in 4-inch pots, 40 cents each; \$4.00 per dozen; \$30.00 per 100.

New Hybrid Tea Rose, Celia.

Most attractive flowers of perfect form, of a bright, satin pink, with deeper centre; exceptionally free-flowering, equalling, in this respect, such sorts as Killarney, Mme. Jules Grolez, etc., and is a most acceptable addition to this class of Roses. Strong two-year-old plants, 60 cents each; \$7.00 per dozen.

New Hybrid Tea Rose, The Warrior.

An English introduction which we feel sure will prove a valuable addition to the list of high-colored everblooming garden Roses. In color it is a blood red, opening up a vivid scarlet; large double flowers, with broad, handsome petals, forming a beautiful bud, as well as fully-expanded flower. Strong two-year-old plants, 60 cts. each; \$7.00 per dozen.

New Hybrid Tea Rose, Killarney.

We offer this season a grand lot of this popular Rose, elegant two-year-old budded plants in prime condition. \$3.00 per dozen; \$25.00 per 100.

New Forcing Rose, Mrs. Jardine.

This new Rose, an introduction of Messrs. Dickson & Sons, who have given us Killarney, Liberty and many other important Roses, and which was received with much favor at all of the exhibitions the past fall, has all the good points to make it one of the leading standard varieties—that is, a strong, free-growing habit, with good foliage, and which can be easily grown; large flowers on long stems of perfect form that are useful in both bud form and fully-expanded flowers, of delicious fragrance, color a bright rosy pink, shading in the outer petals to salmon pink, and even in January, when Bridesmaid and Killarney lose their color, Mrs. Jardine is as bright as in October or March, a distinct, pleasing color that will sell on sight. This Rose is being taken up extensively by all prominent growers who are familiar with its many good qualities. We offer for delivery after March 1st good 2½-inch pot plants.

Grafted plants at an advance of \$5.00 per 100.

Tea Rose, Souvenir de Pierre Notting.

From what we have seen of this new variety, we believe it to be the ideal yellow bedding Rose; has exceptionally large flowers, which in form and beauty surpass that magnificent bedding Rose Maman Cochet, which is one of its parents. In color it is a deep, apricot-yellow shaded with orange; rich and beautiful. Strong two-year-old plants, \$3.50 per dozen; \$25.00 per 100.

The New Double Flowering Rugosa Rose, Nova Zembla.

In this new variety we have all the characteristics which make the Rugosa Roses valuable, and in addition beautiful pure white full double flowers, which are of fine form both in the bud and in the full blown flowers which are produced most freely. A useful Rose which we take pleasure in recommending. 35 cents each; \$3.50 per dozen.

New Hybrid Perpetual Rose, Ruhm der Gartenwelt.

We distributed a limited number of this German introduction last spring and it has given entire satisfaction. The plant is of vigorous growth, very free flowering, of a brilliant fiery red color, of large size, fine form and very fragrant. Strong 2-year-old plants, 30 cents each; \$3.00 per dozen.

New Rambler Rose, Tausendschon.

A German introduction which comes to us very highly recommended. It has the same vigorous habit of growth as the other Ramblers, making growths in a season of over 10 feet, which are almost devoid of thorns. It bears its flowers in immense clusters; in color a soft pink when first opening, changing to a carmine rose on the reverse as they fully expand. Extra strong two-year-old plants, 40 cents each; \$4.00 per dozen.

An Important Rose for Easter, Lady Gay, Rambler.

This new variety, a seedling from the popular Crimson Rambler which it closely resembles in habit of growth and general effect, is destined to become one of the most popular Easter plants, for which purpose it is especially adapted on account of its delicately-tinted flowers, which are of a delicate cherry-pink, which gradually changes to a soft-tinted white. The plant is a strong, vigorous grower, with profuse, glossy, deep-green foliage, and the effect of a plant in full bloom, with the combination of the soft white flowers, the cherry-pink buds and the deep-green foliage, is indeed charming. Strong two-year-old plants, \$3.00 per dozen; \$25.00 per 100.

Baby Rambler Roses.

A type of Rose which is becoming very popular for bedding purposes. They form shapely, compact, bushy specimens about 18 inches high, producing in great profusion from early in the season until severe frost immense trusses of small flowers.

Crimson Baby Rambler (Mme. Norbert Levavasseur). An extra fine lot of strong two-year-old plants, \$2.50 per dozen; \$20.00 per 100.

Pink Baby Rambler (Anchen Muller). Brilliant luminous pink; a shade that is always admired. \$3.00 per dozen; \$25.00 per 100.

White Baby Rambler (Katherina Zeimet). Pure white flowers, showing the yellow stamens very prettily, produced in large candelabra-shaped trusses. \$3.50 per dozen; \$25.00 per 100.

Select List of Roses

The Roses which we here offer are field grown stock, either American grown or plants that have been imported from England and Ireland. We handle no Holland grown Roses.

These plants are all potted up during December and January, stored in cold houses, so that they break away naturally in spring, making this the best possible stock for selling to the retail customer.

The prices noted are for strong plants in 5 and 6-inch pots (according to the growth of the variety) for delivery during April and May, and while we will make shipments earlier if requested, we prefer to book orders for these months only.

HARDY PERENNIAL PLANTS.

For some years past we have been handling Hardy Perennials as one of our leading specialties, and our stock at the present time is unquestionably the most complete both in variety and quantity in the country.

Many planters not thoroughly familiar with this class of plants have an idea that nothing but a large, field-grown clump will give satisfactory returns the first season. This, as experience has taught us, is in most instances, a mistake. A vigorous plant of proper size will, in nearly every case, give quicker and better returns than the best so-called "field clumps" that can be procured. It will be noticed that the majority of the stock offered in this list is described as being 3, 4 or 5-inch pots. This does not necessarily mean that the plants have been altogether pot-grown, but that they have been field-grown and dug and potted up during the Fall and early Winter months, and such stock can be planted, even late in the Spring, with practically no loss, which, in the case of clumps, is often quite serious.

Hardy Asters. (Michaelmas Daisies, or Starworts.)

These are among the showiest of our late-flowering hardy plants, giving a wealth of bloom at a season when most other hardy flowers are past. The collection offered below is made up of the choicest varieties only, the weedy sorts being eliminated. Unless otherwise specified, they bloom in September and October.

Acris. Masses of bluish violet flowers. 1 foot.		
Nanus. Bluish violet. 6 inches.		
Amellus Elegans. Deep bluish violet 1½ feet.

White Queen. Large white, very free. 4 feet.		
Strong 3-inch pots. \$1.00 per dozen; \$7.00 per 100.		

Aster Grandiflorus.

The most valuable of all hardy Asters, not only on account of its large dark bluish violet flowers, but because it is the latest of all to flower, continuing in good condition until late in November. 3-inch pots, \$2.00 per dozen; \$15.00 per 100.

New Hardy Aster. Sub-cæruleus.

A new and distinct variety, forming a dense tuft of long green leaves from which issue many leafless stems, 12 inches high, bearing in June and July, massive flowers 3 inches across, of bluish violet with golden centre. \$1.25 per dozen; \$8.00 per 100.

Six Rare Hybrid Delphiniums.

Belladonna. The freest and most continuous blooming of all, never being out of flower from the end of June until cut down by hard frost. The clear turquoise blue of its flowers is not equalled for delicacy and beauty by any other flower. 20 cts. each; \$2.00 per doz.; \$15.00 per 100.

Chinense Cineraria (*Spurless Hardy Larkspur*). Flowers of large size, of richest sky-blue, the individual flowers resembling a Cineraria. 15 cts. each; \$1.50 per doz.; \$12.00 per 100.

Felicite. Beautiful soft blue, with prominent black centre, an attractive and distinct color combination. 25 cts. each; \$2.50 per doz.; \$20.00 per 100.

Geneva. Splendid spikes of light-blue flowers, perfect in form and of great beauty. 25 cts. each; \$2.50 per doz.; \$20.00 per 100.

King of Delphiniums. One of the finest yet introduced; the plant is of remarkably strong, vigorous growth, with flowers of gigantic size, semi-double and of a deep blue color, with large white eye. 25 cts. each; \$2.50 per doz.; \$20.00 per 100.

Mrs. Thompson. Long, erect spikes of clear blue flowers with white centre; a free and continuous bloomer. 25 cts. each; \$2.50 per doz.; \$20.00 per 100.

Select Standard Varieties of Delphiniums.

Chinense. A very pretty variety, growing about 18 inches high, and producing its pretty, gentian-blue flowers in large open panicles, strong plants. 75 cents per dozen; \$5.00 per 100.

Chinense Alba. A pure white form. 75 cents per dozen; \$5.00 per 100.

Formosum. The old favorite dark-blue variety, grows from three to four feet high, very vigorous and free flowering; still one of the best. 85 cents per dozen; \$6.00 per 100.

Sulphureum. (Zalil.) An attractive species and entirely distinct. Forms a pyramidal bush about four feet high, composed of stiff, wiry stems, which is covered during June and July with pure sulphur yellow flowers. \$1.50 per dozen; \$12.00 per 100.

Mixed Hybrids. A fine lot of seedlings grown from a very select strain, sure to produce a fine range of colors from the palest to the deepest blue with centres from pure white to brown. 85 cents per dozen; \$6.00 per 100.

Iris Pumila Hybrida.

A cross between the dwarf early flowering *I. pumila* and the large-flowering *I. germanica*. Their period of flowering is a trifle later than the pumila section, with flowers almost as large, showy and attractive as the German Iris. Our trials of these varieties in the hardy border the past season, as well as earlier forcings under glass, have fully convinced us of their desirability for both purposes.

Cyanea. Rich royal purple, with blackish shadings.
Eburna. Pure white, with creamy white shadings.
Florida. A beautiful lemon-yellow, shaded darker.
Formosa. Upper petals deep violet-blue, lower petals light violet. \$1.50 per dozen; \$10.00 per 100. The set of four varieties, 50 cts.

JAPANESE IRIS

Lupinus Polyphyllus Moerheimi.

The European introducer of this says that it is one of the finest novelties in hardy plants he ever introduced. We would add that of all the new perennials which we had on trial the past season none pleased us more. The habit of the plant is robust, forming symmetrical bushes about 3 feet high, with spikes of flowers over a foot long, in color a combination of light and dark pink, without a trace of magenta, which is present in all other varieties of Lupine. 60 cts. each; \$6.00 per doz.

PHYSOSTEGIA

Hardy Perennial Phloxes.

We are the largest growers of Perennial Phlox in the world. Our collection is unequalled, and we are prepared to furnish the new and rare kinds as well as all the popular standard varieties in large quantities.

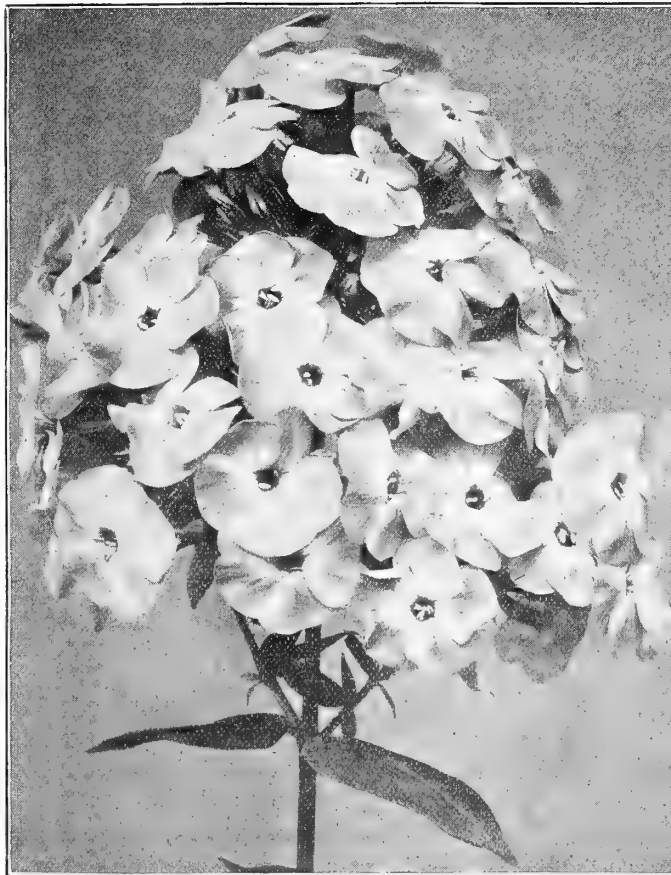

The plants we offer are all strong one-year-old field-grown plants or equally strong divisions, and will make a fine display of flowers this season. This stock is much superior to and must not be confounded with young winter propagated stock such as is generally sent out in the spring of the year.

New and Rare Hardy Phloxes.

Spiræa Aruncus Kneiffi.

This handsome Meadow Beauty is practically unknown. It is perfectly hardy and should find a place in a damp position in the perennial border, where, under favorable conditions, it will form a plant 3 to 4 feet high, with finely divided, graceful, fern-like foliage and great sprays of feathery, silver-white flowers in June and July. \$2.00 per dozen; \$15.00 per 100.

Stokesia Cyanea.

(The Blue Cornflower Aster or Stokes' Aster.)

One of the most charming perennials in our collection, it grows from 18 to 24 inches high and produces its Centaurea-like 4 to 5 inches in diameter lavender blue flowers from early in July until late in October, even after frost has destroyed nearly all other out-door flowers. It is of easiest culture, succeeding in any open, sunny position; not only is it desirable as a single plant in the mixed border, but it can also be used with good effect in large, solid masses, and at the same time is invaluable as one of the finest cut flowers.

The stock which we offer is all pot grown, and must not be confounded with native collected plants.

75 cts. per doz.; \$5.00 per 100; \$40.00 per 1000.

Stokesia Cyanea Alba.

(The New White Corn-Flower, or Stokes' Aster.)

In this new variety we have a counterpart of the parent in general habit of growth and freedom of bloom, but in color it is a pure white, a plant that is certain to be welcomed as a desirable addition to the hardy garden. \$1.50 per doz.; \$10.00 per 100; \$75.00 per 1000.

Tritoma.

(Red-hot Poker, Flame Flower, or Torch Lily.)

The introduction of early, free and continuous-blooming varieties has made this one of the great bedding plants, and when we consider that, outside of Cannas and Geraniums, there are few plants which are suitable for massing under our climatic conditions, it is little wonder that such excellent subjects should at once become popular.

Chrysantha. A pretty canary yellow, with good-sized flowers in August and September. 35 cts. each; \$3.50 per dozen.

Erecta (New). While the distinctive feature in this new variety is that its flowers, unlike all others, are arranged on the flower-head in an erect or upright position, it is also one of the earliest, freest and most continuous-flowering sorts in our collection. In color it is a deep orange scarlet, several shades deeper than the popular Pfizerii. 35 cts. each; \$4.00 per dozen.

Floribunda. Very large heads of fiery red; August to October; 4 to 5 feet. 25 cts. each; \$2.50 per dozen.

Lemon Queen. Light chrome yellow; Aug. and Sept. 35 cents each; \$3.50 per dozen.

Obelisque. Large spikes of saffron yellow, with brighter shadings; July and August; 3½ to 4 feet. \$1.50 per dozen; \$10.00 per 100.

Pfizerii. (The Everblooming Flame Flower.) The freest-flowering variety; in bloom from August to November, with heads of bloom over 12 inches long, of a rich orange scarlet, producing a grand effect either planted singly in the border or in masses. \$1.00 per dozen; \$7.00 per 100; \$60.00 per 1000.

Quartiniana. This novel variety flowers during the latter part of May and June in spikes 10 to 12 inches long, orange red when first opening, the lower part changing to yellow when mature; 3½ to 4 feet. 35 cents each; \$3.50 per dozen.

Rufus. Buds reddish chrome, passing to primrose yellow as the flowers expand; distinct and novel. 20 cents each; \$2.00 per dozen.

Saundersi. Deep coral red, changing to chrome yellow; in flower throughout July and August; 3 feet. 25 cts. each; \$2.50 per dozen.

Tricolor. A charming small-flowered sort, in which three distinct colors are combined in the same spike of flowers, the buds at first appearing cochineal red, changing to canary yellow as they develop, finally opening a sulphur white; very free-flowering; August to October; 2½ feet. 20 cents each; \$2.00 per dozen.

Triumph. A remarkably strong growing variety that produces from August to October flower heads from 12 to 16 inches long, on stems 4 to 5 feet high, and are entirely distinct in color, being of a rich, deep saffron yellow shaded orange red; unique. 20 cents each; \$2.00 per dozen.

Tuckii. One of the earliest, salmon red passing to yellow. \$1.50 per dozen; \$10.00 per 100.

Uvaria Grandiflora. The old-fashioned late flowering sort; spikes 3 to 5 feet high, flowers rich ochre red, passing to salmon pink. \$1.00 per dozen; \$6.00 per 100; \$40.00 per 1000.

Choice Hardy Shrubs

HYDRANGEA ARBORESCENS STERILIS

Hardy Azalea Mollis.

In the open border these are among the showiest of our very early flowering shrubs, while for forcing they are very profitable, as they can be handled at a minimum expense for heat and labor. Many who have no special facilities for carrying the Indian Azaleas in a retarded condition could profitably handle this type, which can be stored in the open until four weeks before being wanted, potting them up and bringing inside at that time; with this in view we have imported an extra quantity, and are in position to supply an exceptionally fine lot of nicely budded plants, 15 to 18 inches high. \$4.50 per doz.; \$35.00 per 100.

Hardy Ghent Azalea. (A. pontica.)

These are used extensively in out-door planting in connection with Rhododendrons and hardy shrubs, and are valuable for their bright colors and extreme hardiness. Good bushy plants, 15 inches high. \$4.50 per doz.; \$35.00 per 100.

Azalea Amœna.

Of this evergreen variety which is now so popular, we have an immense stock of bushy, shapely plants.

12 to 15 inches high, \$5.00 per doz.; \$40.00 per 100.
15 to 18 inches high, \$7.50 per doz.; \$60.00 per 100.

New and Rare Hardy Azaleas.

Altaclerensis. This variety, an introduction from Japan, produces bright yellow flowers in very large trusses, is extremely hardy, of strong, vigorous growth. Strong plants, 60 cts. each; \$6.00 per doz.

Anthony Koster. Though not new, this beautiful Azalea, which is one of the prettiest of the Mollis section, is yet but little known. Its intense golden orange-yellow flowers are of exceptional large size, and are produced very freely early in May. Strong bushy plants, well set with buds, 60 cts. each; \$6.00 per doz.

J. C. Van Tol. This is the best of the red-flowering forms of Azalea Mollis, having exceptionally large flowers, and being of strong, vigorous habit. 60 cts. each; \$6.00 per doz.

Yodogama. This charming variety is a perfect gem for out-door planting. It forms a strong bushy shrub about 3 feet high, which in May is literally covered with semi-double lavender-pink flowers. A shade at once distinct from all others and very pleasing. We recommend this Shrub very highly. Good plants, 80 cts. each; \$9.00 per doz.

Philadelphus Purpurea Maculatus.

This new variety is the result of a cross effected by the renowned French Hybridizer, Victor Lemoine. All varieties heretofore have been white, while in this new variety the four petals have a distinct rosy-crimson spot at the base of each petal. The plant is of strong, vigorous growth, forming a bushy specimen about three feet high. The flowers are large, and appear on the ends of the axillary branches. 25 cents each; \$2.50 per dozen.

Snowball Hydrangea.

Hydrangea arborescens sterilis.

grandiflora alba.

forma nova.

This is the beautiful Hydrangea over whose identity and name so much has been said in the trade papers recently; pending final settlement we give all the names under which it is now known. By any name this magnificent, perfectly hardy, American Shrub is the very finest addition to this class of plants in many a year. The snow-white blooms are of largest size, the form of the panicle much like that of *Hydrangea Hortensia*. The habit of the plant is excellent, the foliage finely finished, lacking entirely the coarseness of *Hydrangea paniculata grandiflora*. One of the most valuable characteristics is its coming into bloom just after the passing of all the early spring Shrubs, while its long flowering season, from early June until late August, makes it a valuable acquisition in any garden. Strong one-year-old plants, 12 to 15 inches high; 35 cts. each; \$4.00 per doz.

Hardy Rhododendrons.

We offer below but a limited list of varieties, which, however, is a selection of the hardiest sorts in cultivation.

Album elegans. A fine white.

Caractacus. Purplish crimson.

Catawbiensis alba. Pretty bluish white.

Delicatissima. Blush white.

Everestianum. Rosy pink, crimped edges.

General Grant. Rosy crimson.

Giganteum. Crimson rose.

Lady Armstrong. Pale rose; fine.

Lady Clermont. Rosy scarlet.

Mrs. Milner. Purplish crimson.

Parson's Grandiflora. Rosy crimson.

Roseum elegans. Rosy purple.

We can furnish any of the above in strong, bushy plants.

15 to 18 inches high, 75 cents each; \$8.00 per dozen; \$65.00 per 100.

18 to 24 inches high, \$1.25 each; \$12.00 per dozen; \$90.00 per 100.

24 to 30 inches high, grand specimens, \$2.00 each; \$20.00 per dozen; \$150.00 per 100.

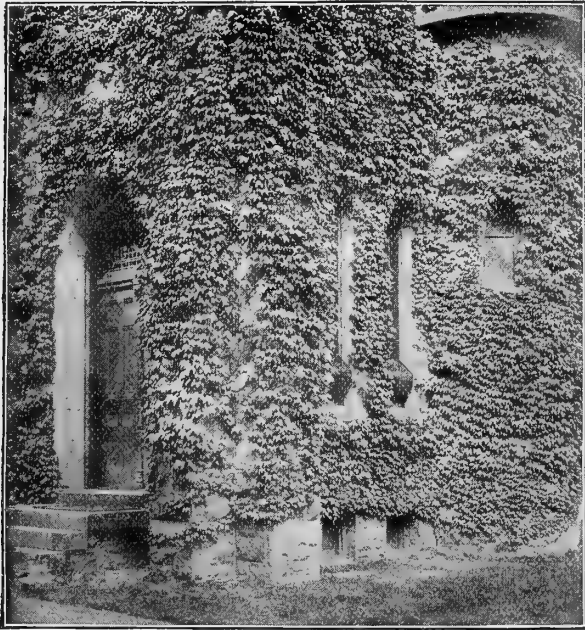

Tamarix Hispida Aestivalis.

Any description gives but a faint idea of the beauty and grace of the feathery, delicate, soft pink sprays of this lovely new Tamarisk. Its chief merit is in the fact that it flowers during the months of July and August, a time when the shrubby border is comparatively bare of flowers, and even when not in bloom its neat growth, together with the attractive fresh, blue-green foliage, makes it a most ornamental and desirable subject for every garden. 25 cts. each; \$2.50 per doz.

TAMARIX HISPIDA AESTIVALIS

Hardy Vines and Climbers.

AMPELOPSIS VEITCHII

Actinidia Arguta.

A most desirable rapid growth climber of neat growth with dark green foliage. \$4.00 per doz.

Clematis Paniculata. (Japanese Virgins Bower.)

We have an immense stock of exceptionally fine plants of this most popular of all the Clematis, and offer

Strong 2-year-old plants, \$1.00 per dozen; \$8.00 per 100; \$70.00 per 1000.

Clematis Montana grandiflora. (New Early-Flowering.)

This is a perfect gem. Its flowers are snow-white Anemone-like, 1½ to 2 in. in diameter, and begin to expand frequently as early as the last week of April, continuing well through May, and are produced in the greatest profusion, the plant being literally hidden by the masses of bloom. Extra strong two-year-old plants, 30 cents each; \$3.00 per doz.

Clematis Montana Rubens.

Identical in every way with the white flowered variety described above excepting in color which is of a most pleasing shade of soft rosy red, a most desirable and novel color.

We offer a limited stock of strong plants, 75 cts. each; \$8.00 per doz.

Hybrid Coccinea Clematis.

Hybrids between C. Coccinea and Star of India, of healthy robust growth, with large bell-shaped flowers.

Countess of Onslow. Bright violet, with band of scarlet through each petal.

Duchess of Albany. Bright pink, deepest in the centre, lightest on the edge of petals.

Duchess of York. Pale pink, deeper in the centre of the petals.

35 cts. each; one each of the 3 sorts, \$1.00.

Large-Flowering Hardy Clematis.

We have again this season a fine stock of good, strong plants, two years old, own roots.

Boskoop Seedling or Sieboldi. Extra large lavender.

Duchess of Edinburgh. Double pure white.

Fairy Queen. Pale flesh with a pink bar.

Gipsy Queen. One of the finest rich purple varieties.

Henryi. Finest large single white.

Jackmani. The popular dark rich royal purple.

Jackmani Superba. A darker colored form of Jackmani.

Lilacina Floribunda. Pale blue.

M. Koster. Bright rosy carmine.

Madam Baron Veillard. Light rose, shaded lilac.

Mme. Van Houtte. Pure white, extra fine.

Miss Bateman. White, with chocolate-red anthers.

Standishi. Light blue.

The Gem. Deep lavender blue.

The President. Bright bluish purple.

Ville de Lyon. Bright carmine red.
